Professional Summary

AI & Machine Learning Engineer with 3 years of experience building ML, NLP and deep learning solutions using Python, TensorFlow, PyTorch, FastAPI, SQL and cloud deployment.

Skills

Python, SQL, C++, Java, TensorFlow, Keras, PyTorch, Scikit-learn, Pandas, NumPy, FastAPI, Streamlit, LangChain, ChromaDB, PostgreSQL, Docker, AWS, Git.

Experience

AI/ML Engineer, TechNova Solutions Pvt. Ltd. (Jul 2023-Present): Developed predictive ML models, Resume Screening System, RAG chatbot, FastAPI APIs, Docker/AWS deployment. ML Intern, Innovate AI Labs (Jan 2023-Jun 2023): Data preprocessing, ML models, Power BI dashboards.

Projects

AI Resume Screening System; Enterprise Agentic RAG System; Pneumonia Detection using CNN (95% accuracy); Diabetes Prediction using ANN.

Education

B.Tech, Computer Science Engineering, Rajasthan Technical University (2019-2023), CGPA: 8.5

Certifications

Machine Learning Specialization, Deep Learning Specialization, AWS Cloud Practitioner, TensorFlow Developer Certificate

Languages

English, Hindi
